

Strengthened capital target for Resurs Holding

Resurs Holding AB (publ) has today decided to strengthen its financial capital target for Total capital ratio. This strengthening clearly exceeds the higher regulatory buffer requirements implemented in the second half of 2019 and that will be adjusted further at the end of the year.

In light of this, the Board of Directors of Resurs Holding decided today to adjust Resurs Holding's financial target for Total capital ratio.

- The Total capital ratio is now raised from more than 14 per cent to more than 15 per cent.

Resurs Holding's other mid-term financial targets remain unchanged. All of the financial targets are available from Resurs Holding's website: www.resursholding.se
