

## Corporate Governance Report

Proper corporate governance practices are fundamental in maintaining the market's confidence in the Group and creating added value for our stakeholders. As part of this effort and in order to prevent any conflicts of interest, roles and responsibilities are clearly defined and delegated among shareholders, the Board of Directors, management and other stakeholders. A detailed presentation of corporate governance at Resurs Holding AB (publ) ("Resurs Holding") is provided on the following pages.

### CORPORATE GOVERNANCE/MANAGEMENT MODEL/GOVERNANCE AND MANAGEMENT

Resurs Holding is a Swedish public limited liability company whose shares have been listed on Nasdaq Stockholm since April 2016. The company's corporate governance practices are predominantly based on Swedish law, Finansinspektionen's regulations, the company's Articles of Association and internal policies. In addition to the regulations of the Swedish Companies Act (2005:551), the Swedish Annual Accounts Act (1995:1554) and the company's Articles of Association, the company applies Nasdaq Stockholm's Rule Book for Issuers and the Swedish Corporate Governance Code (the "Code"), as well as other applicable regulations related to listed companies.

### SWEDISH CORPORATE GOVERNANCE CODE

The Code applies to all Swedish companies whose shares are listed in a regulated marketplace in Sweden and must be observed as of the first day of trading. The Code stipulates a standard for sound corporate governance at a higher level of ambition than that of the Companies Act and the minimum criteria stipulated in other regulations. The Code is based on the comply or explain principle, meaning that the company is not compelled to always comply with every rule of the Code, and is instead free to opt for other solutions that are deemed to better suit the circumstances in a particular case, provided that the company transparently reports every such deviation, describes the alternative solution, and states the reasons for said actions in its corporate governance report.

In 2022 the company had a deviation from the Code, namely that Chairman of the Board Martin Bengtsson was the Chairman of the Nomination Committee.

The reason for this deviation is that the Nomination Committee instruction adopted by the general meeting of shareholders states that the member appointed by the largest shareholder in terms of votes shall be appointed Chairman of the Nomination Committee. This member was Martin Bengtsson.

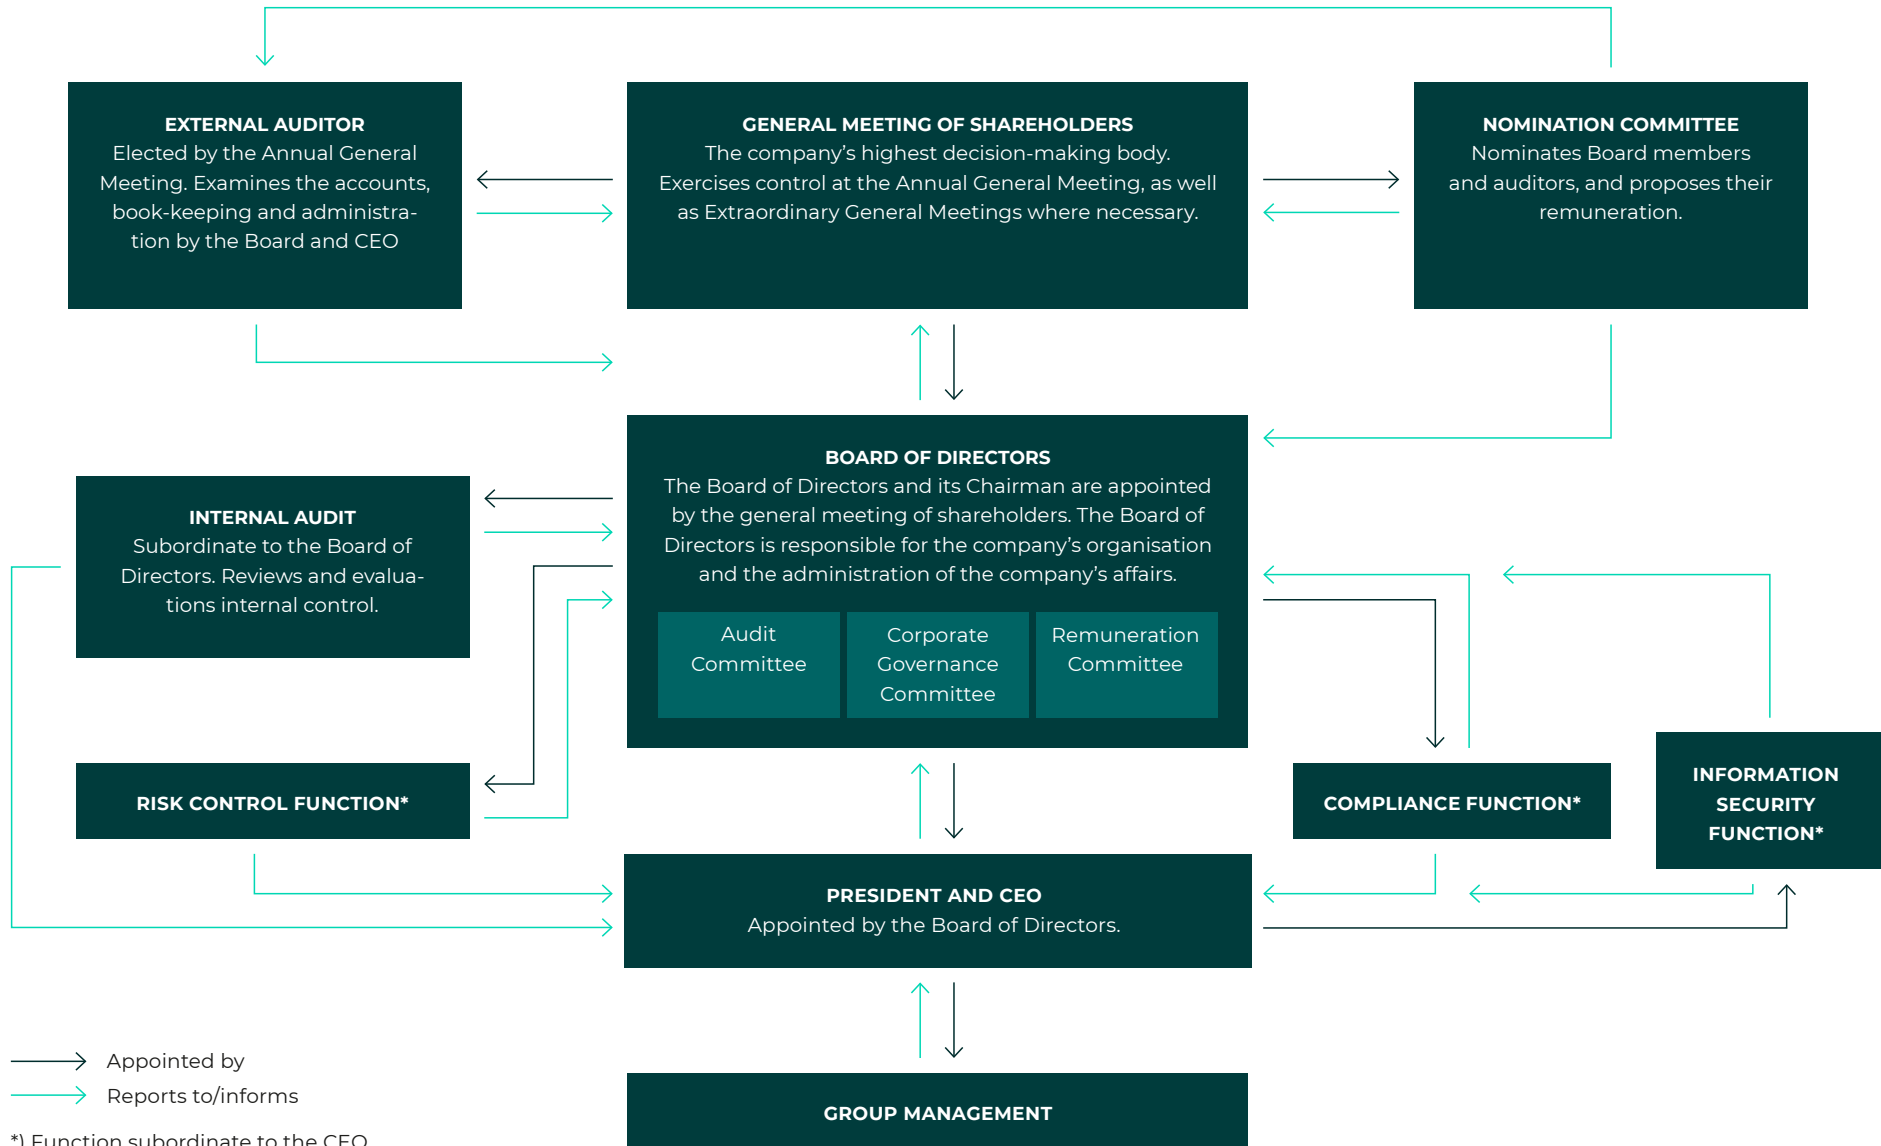

### SHAREHOLDERS' ROLE IN CORPORATE GOVERNANCE/ LARGEST SHAREHOLDERS

Resurs Holding's share register is maintained by Euroclear Sweden AB. At 31 December 2022, the company had a total of 200,000,000 shares.

## GENERAL MEETING OF SHAREHOLDERS

In accordance with the Swedish Companies Act, the general meeting of shareholders is the company's highest decision-making body. The general meeting of shareholders can resolve every company matter that does not expressly fall under the exclusive expertise of another company body. At the Annual General Meeting (AGM), which must be held within six months of the end of the financial year, shareholders exercise their voting rights on matters including the adoption of the income statement and balance sheet, appropriation of the company's profit or loss, motions on discharge from liability for Board members and the CEO for the financial year, the election of Board members and auditors, as well as fees to be paid to Board members and auditors.

In addition to the AGM, Extraordinary General Meetings may also be convened. Pursuant to the Articles of Association, notice of a general meeting of shareholders must be announced in Post- och Inrikes Tidningar and by making the notice available on the company's website. Confirmation that the official notification has been issued must simultaneously be announced in Svenska Dagbladet. A press release in Swedish and English including the notice in its entirety is published ahead of every general meeting of shareholders.

The Chairman of the Board, the minimum number of Board members needed to form a quorum, and the CEO are to attend shareholder meetings. In addition to the aforementioned parties, AGMs must be attended by at least one member of the Nomination Committee, at least one of the company's auditors, and, whenever possible, all Board members.

The company's Articles of Association do not include any specific stipulations concerning the election or dismissal of Board members, limitations to sales of shares or amendments to the Articles of Association. The Board does not currently hold any authority granted by a general meeting of shareholders to make a decision on Resurs Holding issuing any new shares. A total of 88,436,596 shares were represented at the 2022 AGM. The repre-

sented shares comprised approximately 44.2 per cent of the total number of shares in the company.

The resolutions passed at the 2022 AGM included:

- Adoption of the income statement and balance sheet, and consolidated income statement and consolidated balance sheet
- A resolution on the appropriation of the company's profit according to the adopted balance sheet
- Resolution on discharge from liability for the Board of Directors and the CEO
- Determination of fees for Board members and auditors
- Reelection of Board members Martin Bengtsson, Fredrik Carlsson, Lars Nordstrand, Marita Odélius Engström, Mikael Wintzell, Kristina Patek and Susanne Ehnbåge and the new election of Magnus Fredin, for the period until the next AGM. Martin Bengtsson was re-elected as Chairman of the Board.
- Election of auditors
- Resolution on guidelines for compensation for the CEO and other senior executives
- Approval of the remuneration report
- Authorisation to buy back own shares to encompass up to five per cent of all of the shares in the company up until the next Annual General Meeting
- Introduction of a long-term incentive programme comprising the private placement of warrants and the approval of the transfer of warrants

Resurs Holding's next AGM will be held on 26 April 2023.

At the Extraordinary General Meeting held on 13 October 2022, the meeting resolved on the appropriation of the company's profit according to the

adopted balance sheet, and the election of Pia-Lena Olofsson as a new Board member.

#### **RIGHT TO PARTICIPATE IN THE GENERAL MEETING**

All shareholders who are entered in the extract from the share register concerning the status of the shareholders five days prior to the meeting (including Saturdays) and who registered their participation on time, pursuant to the stipulations in the notice, are entitled to participate in the meeting and to cast votes based on the number of shares that they hold. Shareholders who are unable to attend in person may be represented by a proxy. Shareholders were only able to vote via post for the 2022 AGM due to the pandemic.

In addition to registering with the company, shareholders whose shares are held in the custody of a trustee through a bank or other securities firm must temporarily register their shares in their own name with Euroclear Sweden AB in order to be entitled to participate in the meeting. Shareholders should inform their trustees of this well in advance of the record date.

Resurs Holding's Articles of Association do not stipulate any limitations as to how many votes each shareholder may cast at a general meeting.

#### **NOMINATION COMMITTEE**

The Nomination Committee represents Resurs Holding's shareholders. The Nomination Committee is tasked with preparing and presenting motions for resolution concerning the number of and election of Board members, the Board Chairman, fees for the Board of Directors and for work on its Committees, the election of and fees for the company's auditors, and the Nomination Committee instruction that is to govern the Nomination Committee's work and compensation.

The Nomination Committee's efforts focus especially on ensuring that the Board of Directors comprises members who possess the expertise and experience to match the criteria that applicable regulations and Resurs Holding's shareholders impose on its Board Of Directors, including the require-

ments that are stipulated in financial regulations and the Code. Accordingly, in the process of assessing candidates for the Board, the Chairman of the Board presents the Nomination Committee with the evaluation that has been conducted of the Board's work and of the individual members during the past year. The Nomination Committee is also given the opportunity to meet the Board's members. The Nomination Committee also makes preparations for the election of auditors. Shareholders are free to submit proposals to the Nomination Committee pursuant to the instructions posted on Resurs Holding's website.

The Annual General Meeting decides on the Nomination Committee instruction that will apply for Resurs Holding's Nomination Committee. According to the current instruction that was adopted on 17 June 2020, the Nomination Committee is to comprise the Chairman of the Board and Board members appointed by the four shareholders with the greatest number of votes per the final banking day in August every year, based on share information from Euroclear Sweden AB and other reliable share information that has been provided by the company, as well as rules concerning changes in ownership. In accordance with the Nomination Committee instruction, the following Nomination Committee was announced for the 2023 Annual General Meeting in October 2022. Martin Bengtsson, appointed by Resurs Holding's largest shareholder Waldakt AB (the Bengtsson family), 28.9 per cent of the votes; Sten Schröder, appointed by Catea Group AB; Jonas Strömberg, appointed by Erik Selin Fastigheter AB, and Oskar Börjesson, appointed by Livförsäkringsbolaget Skandia, ömsesidigt.

Some major shareholders have declined to appoint members to the Nomination Committee. In accordance with the applicable instructions for the Nomination Committee, Martin Bengtsson is the Chairman of the Nomination Committee since he is appointed by Resurs Holding's largest shareholder Waldakt AB (with 28.9 per cent of the shares/votes).

The Nomination Committee applies item 4.1 of the Code as its diversity policy, and strives for a combination of skills and experience that meet the demands set for Resurs Holding's Board of Directors. The Nomination Com-

mittee believes that the diversity issue is important, and it actively endeavours to achieve an even gender distribution.

The Nomination Committee's proposals for the 2023 AGM will be published in the forthcoming AGM notice on Resurs Holding's website, and proposals for elections to the Board will be announced in a press release as soon as they are determined.

### **BOARD OF DIRECTORS**

Following the general meeting of shareholders, the Board is the company's highest decision-making body and its highest executive body. The work of the Board is primarily governed by the Swedish Companies Act. The Board's work is also governed by the rules of procedure that are established annually by the Board. The rules of procedure govern such matters as the delegation of tasks and responsibilities among the Board and the CEO, and the procedures for the CEO's financial reporting. The Board also adopts rules of procedure for the Board's Committees. The Board's tasks include establishing strategies, business plans and budgets, submitting interim reports and financial statements and adopting policies. The Board must also monitor the company's financial performance, ensure the quality of the financial reporting and reporting by the control functions, and evaluate the company's operations based on the established targets and policies adopted by the Board. Finally, the Board also decides on major investments and organisational and operational changes in the company. The Chairman of the Board is to monitor the company's earnings in close cooperation with the CEO. The Chairman leads the Board's work and creates an open and constructive dialogue. The Chairman's tasks also include monitoring and evaluating the skills, work and contributions of individual Board members to the Board. In addition to the regular Board members, the CEO, CFO and the Board's secretary also participate in Board meetings. Other members of Group Management and other executives report on specific matters.

### **EVALUATION OF THE BOARD**

Once a year, the Board conducts a systematic evaluation during which Board members are given an opportunity to provide their views on approaches, Board material, their own and other members' work on the Board with the aim of improving the work of the Board and providing the Nomination Committee with a relevant basis for making decisions ahead of the AGM. An evaluation was performed by an external company led by the Chairman of the Board ahead of the 2023 AGM, and the results were presented to the Board and the Nomination Committee.

### **MEMBERS OF THE BOARD**

The members of the Board are elected on an annual basis by the AGM for the period until the end of the next AGM. According to Resurs Holding's Articles of Association, the Board is to comprise three to ten members elected by a general meeting. The Board currently comprises nine members elected by a general meeting for the period until the end of the 2023 AGM. Under the Code, a majority of the AGM-elected Board members must be independent in relation to the company and its management. To determine whether a Board member is independent, a collective assessment must be made of all circumstances that may give reason to question a Board member's independence in relation to the company or its management, such as if a Board member has recently been employed by the company or one of its related companies. At least two of the Board members who are independent in relation to the company and its management must also be independent in relation to the company's major shareholders. In order to determine this independence, the scope of the member's direct or indirect relations to major shareholders must be taken into account. Major shareholders are defined under the Code as shareholders who directly or indirectly control 20 per cent or more of the company's shares or voting rights.

## **THE BOARD'S WORK IN 2022**

### **BOARD COMMITTEES**

Although the overall responsibility of the Board cannot be delegated, the Board institutes Committees from among its ranks that prepare, evaluate and monitor matters within each specific area ahead of decisions by the Board. Accordingly, the Board has instituted an Audit Committee, Corporate Governance Committee and Remuneration Committee. The Committee members and Chairmen are appointed by the Board and their work is governed by each Committee's rules of procedure.

### **AUDIT COMMITTEE**

One of the primary tasks of the Audit Committee is to ensure that the Board meets its oversight requirements pertaining to auditing, accounting and financial reporting. The Audit Committee is also tasked with reviewing the processes and procedures for the aforementioned areas. In addition, the Audit Committee is to supervise the impartiality and independence of the auditor, evaluate the auditing practices and discuss the coordination between the external and internal auditing functions with the auditors. The Audit Committee is also to assist Resurs Holding's Nomination Committee in producing candidates for external auditors. The Audit Committee has three members: Fredrik Carlsson (Chairman), Martin Bengtsson and Kristina Patek. The Audit Committee fulfils the requirements on auditing and accounting expertise as stipulated in the Swedish Companies Act.

### **CORPORATE GOVERNANCE COMMITTEE**

The Corporate Governance Committee's tasks include evaluating the subsidiary's internal control and policies pertaining to compliance, risk control and internal audit, insofar as these do not influence the area of financial reporting, for which the Audit Committee is responsible. Among other matters, the Corporate Governance Committee is to evaluate observations and proposals for improvement measures based on reports submitted by the compliance function, risk control function, information security function and internal audit function, review Resurs Bank's internal capital and liquidity assessments, and monitor regulatory amendments that may impact

the Group's licensed operations. The Corporate Governance Committee is also to inform the Board of and provide recommendations on the basis of these reviews and evaluations. The Corporate Governance Committee has three members: Lars Nordstrand (Chairman), Marita Odélius Engström and Pia-Lena Olofsson. Earlier in 2022, Johanna Berlinde and then Magnus Fredin were members of the Corporate Governance Committee.

### **REMUNERATION COMMITTEE**

The Remuneration Committee's task is to prepare matters concerning terms for Board members. The Remuneration Committee is to monitor and evaluate the application of the guidelines for remuneration to senior executives which the general meeting is to adopt according to the law, and assist the Board with support and advice in formulating the remuneration policy to promote sound and efficient risk management and, if necessary, propose changes. The internal policies govern matters such as the balance between fixed and variable remuneration, and the relation between earnings and compensation, the primary terms for bonus and incentive schemes, and the terms for other benefits, pensions, resignation/dismissal and termination benefits if applicable. The Remuneration Committee is tasked with monitoring and evaluating the results of variable remuneration, and the Group's compliance with the guidelines for remuneration as adopted by a general meeting. The Remuneration Committee has three members: Fredrik Carlsson (Chairman), Lars Nordstrand and Susanne Ehnbåge.

### **CEO AND OTHER SENIOR EXECUTIVES**

The CEO is subordinate to the Board of Directors and is responsible for the company's operational management and its day-to-day business. The delegation of duties among the Board and the CEO is outlined in the Board's rules of procedure and the CEO's instructions. The CEO is responsible for preparing reports and compiling information from management ahead of Board meetings and makes presentations at the Board meetings.

The control functions must regularly report significant weaknesses and risks to the Board and CEO.
